

65 NSCC (SHOTGUN) EVENTS NEW DELHI 2022

It is heartening to note that a large number of shooters have submitted their entries in shotgun events.

There are overwhelming entries in Group 1, which are above 225 shooters.

In view of this, it has been decided that:

1. To provide a level playing field to all participants of Trap event, which is divided in three groups, only one round of training will be provided in all Groups, on the training days as notified in Circular.
2. The matches will be fired on five ranges with the same set of tables for all three Groups.
3. On 20th November 2022, after one round of training, shooters of Group 1 will shoot their first round.
4. Shooters will shoot 50 birds each on 21st and 22nd November 2022 followed by Finals for Senior Masters.
5. The schedule of Group 1 has been restricted on days announced earlier to avoid any inconvenience to all, especially those who have done their travel/hotel bookings and are planning to leave after their match on 22nd November 2022.
6. The squads for Group 1 will be notified shortly on the website of NRAI.
- 7. The State Rifle Associations are requested to submit Trap team and Trap Mix Team entries on 20th November 2022 before 1 PM.**
