Dear Sir/Madam,

Greetings from NADA India!

With the Paris Olympic Games on the horizon in 2024, it's paramount to ensure our athletes are not only physically prepared but also well-versed in Anti-Doping protocols to excel on the international stage. Consequently, NADA India has recommended potential athletes from your federation to complete the ADEL e-learning course titled "**ADEL for Paris 2024 Olympic Games (English)**" by a **revised deadline of March 10, 2024**.

This course comprehensively covers all requisite information essential for athletes participating in the Paris Olympic 2024, including topics on sports integrity, anti-doping education, and other pivotal aspects integral to the Olympic journey. I kindly seek your assistance in facilitating enrolment for the recommended course for the long-listed Olympic athletes. Enclosed, please find instructions for ADEL registration and enrolment to complete the course, along with a survey to download the certificates.

Furthermore, we kindly request a longlist/shortlist of athletes with their names, ADEL registered email IDs, and remaining completion certificates by the revised deadline.

Thank you for your attention to this matter. We eagerly anticipate witnessing the success of our athletes at the Paris Olympic Games.

Warm regards,
Dr. Sushila Yadav
