

# DELHI SPORTS UNIVERSITY

(A State University under Delhi Act 01 of 2020)  
GOVERNMENT OF NATIONAL CAPITAL TERRITORY OF DELHI

**Padma Shri**  
**Dr. KARNAM MALLESWARI (Olympian)**  
Vice-Chancellor, DSU

Jan 30th, 2023

Dear Raninder Singh,

Delhi Sports University(DSU) was established by the Delhi Sports University Act, 2019 (Act 01 of 2020, Government of National Capital Territory of Delhi) to promote a career in elite sports, provide professional sports education, facilitate sports research and develop a sporting culture across communities to positively contribute to public health. The key vision of the university is to contribute towards the development of a facilitative and comprehensive sports ecosystem for talent scouting, grassroots talent mentoring, development of world-class sports infrastructure and fostering India's sports talent to compete with their global peers.

DSU is a first of its kind school-university integrated institution for excellence in sports education with the aim to provide world-class sports training and education. It will run and administer multiple Delhi Sports Schools from grades 6th to 12th to build foundational core competencies in prospective high performing sportspersons. Apart from world-class sports training and infrastructure and a special customised sports integrated curriculum, DSU will also make use of sports science to enhance the performance of its student athletes.

It is with great pride and happiness that we share with you that Delhi Sports University (DSU) has launched its first Delhi Sports School (DSS). DSS will provide ample opportunities to the admitted students to excel in the field of sports at every platform depending upon the sports performance. The students of the school will also be considered as feeder cadre for Delhi Sports University based on their performance in the chosen sports.

**The registrations for DSS have opened for the next academic session of 2023-24 and the last date to register is the 28th of February 2023.** The circulars covering all the important information such as the salient features, eligibility criteria and the admission process have been attached to the same for your perusal.

To ensure that a maximum number of talented students get to know of this outstanding opportunity to be a part of a sporting revolution, kindly help in disseminating this information to as many eligible and talented sportspersons as possible.

We, at the Delhi Sports University, look forward to positively working together with you to nurture our future sports champions and promote sporting excellence in the country.

Yours Sincerely,

Karnam Malleswari  
Vice-Chancellor,  
Delhi Sports University
